FOLKSY GUYS TREASURE HUNT

Hope you all are ready for the launch of the Folksy Guys, the official NFT collection of Folks Finance! Along with the launch, we are bringing you an exciting game called Folksy Guys Treasure Hunt. Users will be tasked with finding unique items discovered using clues throughout the hunt period.

Only the best Folksy collectors will be eligible to win the Grand Prize.

FOLKSY GUYS

WHO CAN PARTICIPATE?

Everyone

HOW DOES IT WORK?

The Treasure Hunt will happen during a period called **'treasure hunt time'**

On the first phase, we will open the Folksy Guys **shuffles** through Instant Shuffle (i.e. The user can buy a random Folksy Guys NFT for 40 Algo.) The Shuffle will include 500 Folksy Guy NFTs.

After the shuffle phase, the interactive game starts! **Five clues** will be released during the treasure hunt time, one every three days. These clues refer to the **items** in possession of the Folksy Guys.

Users will have to prove that they have guessed the object by filling in a **form** which will be released **at the end** of the "treasure hunt time", and they need to **hold** that NFT with the right item.

The user will then have to search in the market, or be lucky enough to find the Folksy Guy who holds that item in the shuffle.

There will be 5 clues in total, including one bonus clue.

At the end of the Treasure Hunt, a form will be issued to prove they have guessed all the clues.

The form will have the following structure:

- Discord handle
- Exact name of the item (NFTx | Folksy Guys nftexplorer.app -)
- Algorand wallet
- Folksy guys Asset id. The Folksy guys have to be in the same wallet as the previous field

The process will be the same for all clues.

Bonus clue: Users only need to guess and complete this clue for a chance to win the prize. The user who completes all the clues + bonus will only increase the chance of winning the draw

HOW ARE THE WINNERS SELECTED?

There will be a total of **10 winners** (among those who answered the standard clues correctly) with the following prizes:
-**5** will have access to the **Treasury Pool,** selected via a raffle
-**5** will receive a **Folksy Guys NFT**

The 10 winners **will be chosen** as follows:
-5 according to the **chronological order** of delivery of the form, correctly filled out
-5 **randomly drawn** from among those who filled in the form **correctly**

In addition, among those who answered the bonus clue correctly, 2 Lucky winners will be drawn, of which the first will get access to the Treasury pool and the second will receive a Folksy Guys NFT.

The six Treasury pool winners will have 24 hours to agree on the division of the prize. If the winners want to increase the prize amount for users, they can decide to have fewer people drawn to increase the single win. If no agreement is reached, all will be winners.

PRIZES

There are **2 different prizes**:

The treasury pool

25% of the total Folksy guys revenue earned from the sales during 'treasure hunt time' will be distributed to the Treasury which is divided in:
- 1/3 of the Treasury will be used as the prize of the winners, and goes to the Treasury Pool
- 2/3 of the Treasury will be used as a community Treasury
